A love for baking, *a joy in creating.*

I am a professionally trained pastry chef working across celebration cakes, chocolate, breads, pastries and desserts — with every product made 100% eggless.

My experience comes from two kitchens. At Cakes N Creams Baking Academy in Mohali I prepared customised cake orders from brief to finish, managed day-to-day production, and taught practical baking. In June 2023 I founded Eternal Blaze Bakeshoppe by Divya, an independent home bakery that I run myself, from product development to the final order.

Running a bakery has taught me to work to a brief and keep quality consistent from one order to the next. Teaching has taught me to understand each technique well enough to explain it.

05 / CAKES & DECORATION

The Art of *Celebration*

Custom cakes are at the heart of my work. Each one starts with the client's occasion and brief, then is baked, filled and finished by hand.

Three-Tier Wedding Cake

Mint fondant tiers with lace texture, a fluted middle tier, piped scrollwork and fresh white florals.

Weddings & *anniversaries*

Just Married Cake

Two-tier cake with a couple topper. The bride's gown is piped in buttercream rosettes on one side and draped in fondant on the other.

Floral Wedding & Anniversary

Watercolour buttercream with fresh roses (top); brushstroke buttercream with fresh roses (bottom).

Wedding and anniversary cakes are made to the couple's theme, colours and number of guests.

Fresh florals, toppers and textured buttercream are planned with the client to suit the occasion and the setting.

TECHNIQUE

Rice paper *& wafer paper*

Shaped rice paper and pleated wafer paper add height, movement and translucency without weighing a cake down. They give a delicate, contemporary finish.

Rice Paper Feather Cake

Shaped rice-paper sails over a soft pink finish.

Wafer Paper Cake

Pleated wafer-paper wrap crowned with roses.

Neapolitan Cake

Painted vine detailing and flower decorations.

Buttercream *artistry*

Floral Wreath Cake

TECHNIQUE

Chocolate *decoration*

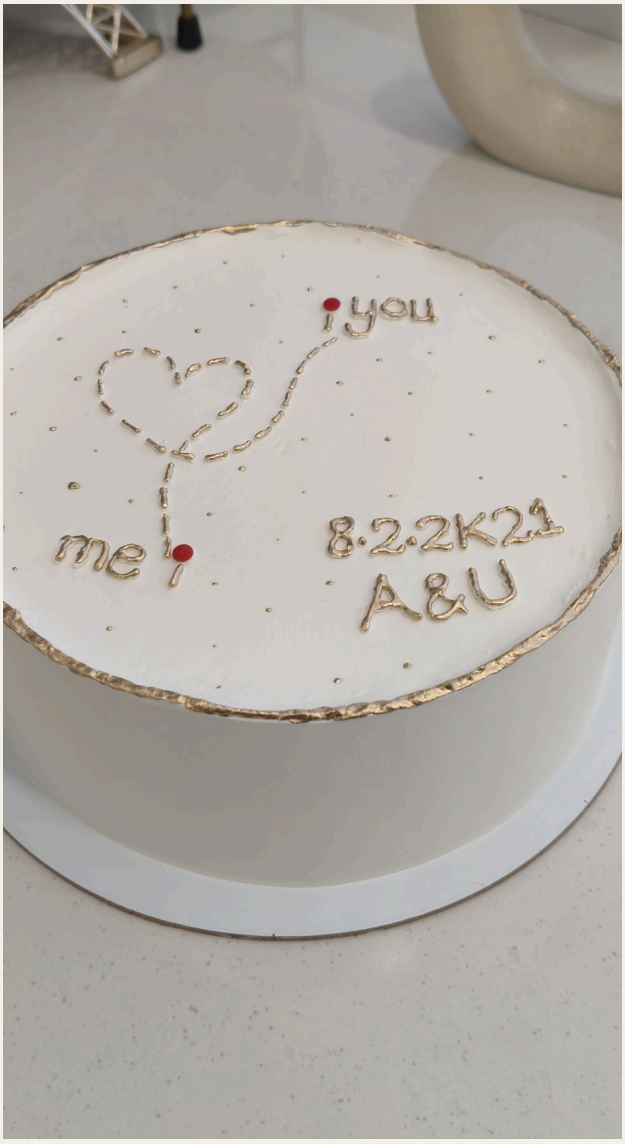
Quiet *& modern*



Fine-Line Anniversary Cake

Smooth finish, gold-edged rim and hand-piped script.

Restraint is a technique too: clean edges, a single detail and space to breathe.
